University Of Johannesburg

Advanced Diploma in Business Information Technology - NFQ 7 (Software development, business analysis, project management, databases).

Diploma in Business Information Technology - NFQ 6 (Networks, GUI, responsive design).

The Hill High School

Matric - Grade 12, NSC.

EXPERIENCE

2022 - Present

Junior Software Developer - 1Worx

- Wrote JavaScript + CSS code to develop a multi page website(s). Harnessed my front-end development skills to create 15 + intuitive and user-friendly interfaces.
- Translated 100 % of the stakeholder/user requirements into a tangible website(s). Created over 50 wireframes, mock-ups, user stories, data flow diagrams, and process flow diagrams.
- The website has improved our client's performance and revenue generation by more than 60 % and has been rolled out to more than 50 % of upper-level stakeholders.
- Conduct code reviews 2 times a week, QA checks at 80% task completion then deploy work from dev to production.

2022 - 2022

Software Development Intern - 1Worx

- Assisted a class of 10 (customers) in installing and setting up PTC's software.
- Learned 8 courses of front-end development, data integration and manipulation.
- Documented the redesign and recreation process using more than 6 business analysis documentation and project management knowledge.
- Wrote 1 exam that qualifies me as a developer.

2021 - 2021

Software Development Tutor & Assistant - UJ

- Taught software development and UX/UI to a class of 90 + second-year students.
- Improved test pass rates from 78% to 87% in less than a year.
- Marked 50 % of scripts and recorded marks for assignments.

TECHNICAL HARD SKILLS

Back - end	HTML 5, basics of Python, react.js, MySQL.
Front-end :	JavaScript, CSS 3, C# GUI
UX / UI:	Canva, Figma, Draw.io, Adobe Illustrator, Descript, Microsoft Designer.
Testing:	Cross-browser & device testing, user testing, quality assurance, responsiveness testing.
Video / Audio:	Loom, filmora.

Documentation:	User requirements gathering, user guides, onboarding, and project management.
Microsoft Suite:	Word, Excel, Access, PowerPoint, Outlook, Teams, and note.

LEADERSHIP / TEAMWORK

IBM Ambassador - 2020

- Created more than 5 digital ads and posters to market a campaign aimed at educating the public about enter prise computing. These are showcased on my LinkedIn.
- Led the event and about 50 people were in attendance, 30 % of them became affiliated with IBM thereafter.

Academic Mentor | Volunteer 2020

- Guided a group of 16 first-year students navigate both academic and personal challenges they faced during their first 2 semesters at UJ.

Ambassador for the Technical (preneurship) centre at UJ - 2019

- Scouted for 5 top IT students and solicited them to participate in hackathons. The centre emerged victorious in two competitions, securing 1st and 2nd places, respectively.

AWARDS & CERTIFICATES
